10:30-11:00	Coffee break	
11:00 - 12:00	Interactive lecture AML	G. Kaspers
12:00-13:00	Expert session 1 (Stem cell transplantation / CAR T-cell therapy)/Antibody-based therapy (Preceptorship model)	S. Rives, H.Inaba, N. Castillo
13:00 - 14:00	Lunch	
14:00 - 15:00	Expert session 2	S. Rives, H.Inaba, N. Castillo
15:00 - 17:00	Expert session 3	S. Rives, H.Inaba, N. Castillo

LATAM Master Course

of Pediatric Oncology 2024

DAY 3 (March 8th): Supportive care and research

08:30 – 08:35	Welcome and opening	
08:35 – 09:30	Expert session: Management of HD Methotrexate and Asparaginase toxicity including drug monitoring of Asparaginase	S. Howard, R. Pieters
09:30 – 10:00	Interactive lecture: Fungal infections	Wim Tissing (Online)
10:00 – 10:30	Interactive lecture: Psychosocial care.	Martha Grootenhuys (Online)
10:30 – 11:00	Coffee break	
11:00 – 12:00	Expert Panel: Global pediatric oncology, the way forward. Comparative overview of ALL protocols (iBFM, St Jude, Princess Maxima Center)	
12:00 – 13:00	Expert Panel: How to reduce toxic mortality	
13:00 – 14:00	Lunch	
14:00 – 15:00	3 PED Talks: Translational research in HO	
15:00 – 16:00	Interactive Lecutre: Research in acute leukemias in Latin America.	N. Castillo
16:00 – 17:00	Interactive lecture: Diagnostic stratification with molecular markers in ALL	H. Inaba

LATAM Master Course

of Pediatric Oncology 2024

DAY 4 (March 9th): Supportive care

08:30 - 08:35	Welcome and opening	
08:35 - 09:30	Interactive lecture: Intensive care for pediatric oncology	A. Agulnik
09:30 - 10:30	Expert session 1: Intensive care-Palliative care	A. Agulnik, M. Salek
10:30-11:00	Coffee break	
11:00 - 12:00	Expert session 2	A. Agulnik, M. Salek
12:00 - 13:30	Workshop: Moral deliberation meeting	M. Salek, L. Schrier
13:30	Farewell
